OPT.101 Introduction To Optometry - JNQF Level: 7

First Semester 2024-2025

Course Catalog

1 Credit Hours. Introduction to optometry is a compulsory requirement for the 1st year optometry students. This course gives a brief history of the profession of optometry and the development of visual sciences. It also gives an illustration for the role and the scope of optometry practice as well as its relation to other health professions, and the community. Some legalizations & organizational matters will be discussed also throughout the course.

Teaching Method: On Campus
