O.T335 Psychosocial Counselling And Group Therapy - JNQF Level: 7

First Semester 2023-2024

Course Catalog

2 Credit Hours. The component intends to develop awareness for the students about themselves as well as about others. It will also introduce the students to psychological skills which may be useful in treatment situations. The component also aims to introduce the student to the basic techniques of counseling. It will also provide an opportunity to explore counseling styles which may be applicable in a treatment situation. The aim of the Lab. Work component is to put into practice knowledge from concurrent learning, as well as to develop and reinforce the therapeutic skills of the student.

Teaching Method: Blended
