

**Jordan University of Science and Technology**  
**Faculty of Applied Medical Sciences**  
**Audiology & Speech Pathology Department**

AS214 Phonetics

Second Semester 2023-2024

**Course Catalog**

3 Credit Hours. The course provides the students with a comprehensive survey of phonetic principles and applications. This survey covers the various branches of phonetic science, the particular problems associated with using IPA, an overview of the anatomy and physiology of speech mechanism, transcription of all the individual speech sounds, and transcription of stress, intonation, and timing of words in sentences.

**Teaching Method:** Blended
