PHMD345 Pharmacy Practice Lab - JNQF Level: 7

First Semester 2023-2024

Course Catalog

1 Credit Hours. This practice lab is designed to provide students with skills necessary in organizing patient-related data, solving treatment-related problems, and advancing medication safety. The lab setting will acquaint students with the necessary knowledge and prepare them to document recommendations and communicate with healthcare providers and patients. Presentations, lab simulations, role plays, and various interactive activities will be applied to develop students' skills necessary to meet their career goals. Students are expected to report medication errors and maintain a safe healthcare environment.
