Policy	
Exams	<p>The format for the exams includes multiple-choice questions, clinical case scenarios, and short essay questions. Grades will not be given out via e-mail.</p> <p><b>Makeup Exams</b> Makeup exam should not be given unless there is a valid excuse. Arrangements to take an exam at a time different than the one scheduled MUST be made prior to the scheduled exam time.</p>
Cheating and academic dishonesty	<p>The commitment of the acts of cheating and deceit such as copying during examinations, altering examinations for re-grade, plagiarism of homework assignments, and in any way representing the work of others as your own is dishonest and will not be tolerated. Standard JUST policy will be applied.</p> <p>المادة 7: إذا ضبط الطالب أثناء الامتحان أو الاختبار متلبسا بالغش فتوقع عليه العقوبات التالية مجتمعة أ. اعتباره راسيا في ذلك الامتحان أو الاختبار ب. الغاء تسجيله في بقية المسابقات المسجل لها في ذلك الفصل ج. فصله من الجامعة لمدة فصل دراسي واحد، وهو الفصل التالي للفصل الذي ضبط فيه</p>
Attendance	Excellent attendance is expected. JUST policy requires the faculty member to assign a ZERO grade (35%) if a student misses a total of 20% of classes. If you miss class, it is your responsibility to find out about any announcements or assignments you may have missed.
Participation	Excellent participation in class is expected. Students are also encouraged to ask questions.
Drop Date	Last day to drop the course is before the twelve (12th) week of the current semester.
Classroom etiquette	<p>Make sure you arrive at class on time. Respect people, places, and things Raise your hand to speak. Listen respectfully. Food and drink are not permitted in class. Do not engage in aside conversations. Texting is not permitted in class. The use of cell phones, smartphones, or other mobile communication devices is disruptive and is therefore prohibited during class without permission.</p>
Email etiquette	<p>Students should communicate through their official University email accounts. Communication through personal email accounts (Yahoo, Gmail, Hotmail, etc.) or social media will NOT be accepted, and no response will be provided.</p> <p>Type your email into the body of the email NOT in the subject line. Provide a clear subject line. Keep it short and to the point, but not vague. Name, class, and what the email is specifically about should be in the subject line.</p> <p>Body of the email: Your emails should always start with a formal greeting like you would in a letter, be brief (one screen length), check your spelling/grammar/punctuation, use a professional font (not decorative), and include a salutation aligned with your message (Thank you or sincerely).</p> <p>Avoid sending an email to your professor asking about grades or complaining about them. Schedule an appointment to meet in person to discuss areas for improvement if you have inquiries.</p> <p>Consider the impression your tone will make in the email. It is recommended to wait 24 hours before sending an email or responding to an email if you are emotionally charged.</p> <p>It is not appropriate to write in ALL CAPS. This conveys the impression that you are shouting at the recipient.</p> <p>Make sure you read and reread your email before sending it. Make sure your emails are grammatically correct, have proper titles, and are properly spelled.</p> <p>If you have multiple questions or the message runs long, you might consider revising the message or scheduling a face-to-face meeting.</p> <p>You should double-check your attachments. Refer to your attachments within the body of your email. It is advisable to avoid attaching large files and to consider sending the document as a PDF.</p> <p>Please allow sufficient time for a response. The sender and receiver should both allow sufficient time. As a rule of thumb, 24 work hours should be given. If sending emails after official work hours or during formal vacations, a delay in response is expected. Following that if no response is received, you can follow up.</p>
