**English Language & Linguistics Department**

ENG332 Educational Linguistics

Second Semester 2023-2024

**Course Catalog**

3 Credit Hours. The course deals with the key role of language in education, and about how discourses around language shape classroom training and research as they relate to educational theory, practices and policies. Therefore, the course touches training and research in linguistics, classroom individual differences among children and adult learners, males and females, rich and poor learners, problems of inter-language, bilingualism, code switching and language transfer are hot topics for investigation in this course.

**Teaching Method:** On Campus
