## **Community Services**

1. I attended the opening ceremony of first youth friendly health clinic located in-campus/ Jordan University of Science and Technology, created by the United Nation Population Fund in Jordan in cooperation with Royal Health Awareness Society and in partnership with Faculty of nursing at JUST (2022). The clinic offers health services for university students related to nutrition, reproductive health and psychological guidance. I and my colleagues will provide assistance to students in need including assessment, intervention and education and provide referrals when needed.
2. I organized a health educational day on **March 30, 2019** for first year nursing students in collaboration with nutrition students at JUST, medical buildings. Nursing students provided education about hypertension, healthy food, and food choices in Ramadan. The event is sponsored by Kareem, melon cocktail, fire fly, and black house restaurant.
3. I conducted a health educational day on **April, 2017** with undergraduate Nursing students in the course of "Community health Nursing/ Clinical" at Ammar bin Yaser school at Al-Sareeh city, Jordan. Nursing students provided health information for school student's 8<sup>th</sup> and 10<sup>th</sup> grades about drug addiction, personal hygiene, and hepatitis. Students engaged in active discussion and shared their interests.
4. I conducted a health educational day on **March, 2017** with undergraduate Nursing students in the course of "Community health Nursing/ Clinical" at a Primary Health Care Center, at Al-Sareeh city, Jordan. Students conducted educational sessions and provided written educational material about: Diabetes Mellitus, Hypertension, hepatitis infection, diabetic foot, obesity, healthy diet, and vitamin D deficiency. Activities included also measuring blood sugar, measuring Blood pressure, taking body weight and length, and calculating body mass index for women and patients attending the health center for seeking care and follow up.
5. I conducted families' health visits from **Feb- May, 2017** with community nursing students at Al-Sareeh city, Irbid. I and students conducted health assessments for the Jordanian family's needs, designed interventions and conducted them. Activities included also measuring blood sugar and blood pressure, taking body weight and length, follow up and referral when needed, connecting families with community resources, and provide health education,
6. I coordinated and participated in an Open Medical Day with nursing students in the community nursing practical course (N466) for public in the area of Turkman and Palestine street (poor

underserved areas in the north of Jordan). Held in Irbid on **April 8, 2017** (Al-nagnagea Madafa) in which students did screening, provided health education, assessed patients with doctors, did infants CPR education, distributed free samples of drugs to patients, and many other entertainment activities. The activity is showed in local TV channels and received good participation from community leaders and residents.

7. I conducted a lecture on "Medical Files" to students in the majors of medical records and pharmacy at Gournata College on **March, 19, 2017** as an activity to share knowledge and information between two educational community organizations. Students were showed samples for medical files from an anonymous educational hospital and engaged in active discussion
8. .I participated in Oral exam for a course on clinical training for the final year students at the Faculty of Nursing, Al Albaet University, Held on **Dec 22, 2016** in Princess Salma school of nursing at 9 am
9. .I participated in a project "Shabana for Volunteering Work" in **2012/2013** that was sponsored and directed by the Royal Health Awareness Society, in which I coordinated to provide health information for many school students in different districts in Jordan
10. .I participated in Oral exam for a course on clinical training for the final year students at the Faculty of Nursing, The University of Jordan, Held on **May 30, 2012**.
11. I participated in a workshop about the "Hate Crimes". Organized by The Muslim Resource Centre for Social Support and Integration in London, Ontario. Held on **Nov 21, 2009** at London Mosque, London, Ontario. Coordinated by Saleha Khan
12. .I participated in a medical day in Doughara/ Irbid/Jordan on **March, 12, 2005**, In which I performed screening for blood sugar and hypertension for the and provided health education for public.
