

Curriculum Vitae

Name and Title: Dr.Khalid Mohammad Saed Abdalla.

Date of birth: 18th September 1962

Nationality: Jordanian

Marital Status: Married

Address:

Khalda, West Amman-Jordan

Tel (Mobile):

+962777414147

+96265516033 LL

E-mail Address:

Drkhalid63@hotmail.com

Drkhalid64@yahoo.com

Education & Qualifications:

1981 Secondary School Certificate, Al Ramtha Secondary School,
Jordan

1981-1987 M.B., Ch.B., Faculty of Medicine, Basrah University Medical
College, Basrah, Iraq

1994 Jordan Board in Diagnostic Radiology, Amman, Jordan

1997 Diploma of the Royal Postgraduate Medical School in Medical Imaging at Hammersmith Hospital

2000 Fellowship in Diagnostics Radiology (FRCR)

Registrations:

1988 Jordan Medical Association

1997 GMC Registration, London.

Radiological Duties in UK:

1996-1998 Register in the Department of Radiology, Hammersmith Hospital, London.

- Performed an average of 8hrs/week conventional radiology including all barium studies, conventional and Doppler ultrasound.
- Complete sixth month's rotation in body imaging including CT and MRI images.
- Four Months rotation time through Nueroradiology at Charring Cross Hospital that involved full time participation in CT, MRI and cerebral angiography.
- Four months training at Great Ormond Street Hospital, Gained experience in pediatric radiology concerning CT and MRI

Radiology Duties in Jordan:

1994 Resident in diagnostics radiology for whole 3 years training program at King Hussein Medical Centre where I attended lectures in physics, radiological techniques, I did a lot of plain films reporting, mammography, CT scanning, MRI and General ultrasound procedures.

1998-2002 Specialist in Diagnostic radiology at King Hussein Medical Centre, Amman, Jordan

- During this period I was responsible for performing and interpreting all imaging modalities including conventional and interventional techniques, a large variety of fluoroscopic procedures were performed daily, supervision and interpreting a thirty CT and MRI examinations and doing a lot of ultrasounds procedures.

2002-2003 One year training ship in Neuroradiology procedures at International Neurology Centre in UK and Neuro Spinal Hospital in Dubai conducting functional and conventional radiology procedures including MR spectroscopy, MR Diffusion-perfusion imaging and brain lab navigation protocols on state of the art Intra operative MRI machine. I gained a lot of experience in Trans Cranial Doppler Ultrasound and the utilization of the picture archiving and communication system (PACS). I did a lot of interventional Angiography procedures with the effective utilization of PACS.

2003 to 2008:

- Consultant in diagnostic radiology at King Hussain Medical Centre, interpreting and performing the MRI, CT scan and Doppler ultrasound based on Neuroradiology protocols as well as conventional and interventional techniques in general and body imaging procedures.

Current Position(2009)

Assistant Professor of diagnostic radiology at King Abdullah University Hospital, University Of Science & Technology of Jordan

Membership:

Jordanian Medical Association since 1994.

Jordanian Medical Society since 1994.

Royal Collage radiologist since 1996.

Research:

My research has been clinically based and has led to several publications and presentations.

Teaching & Management:

I attended regular clinicoradiological meetings, I formally taught medical students and junior radiologists.

Other Skills:

Information Technology, I am experienced in the use of word processing, Spread sheets and I have use PowerPoint's for my presentations.
